## ERISAN ISOSEPT

ANTISEPTIC HAND RUB

### Range of use

ERISAN Isolept is recommended for high level hand hygiene in healthcare: wards, operating theatres, central sterilization units and food service.

### Features

Isolept is an antiseptic hand rub containing isopropyl and ethyl alcohols, which are microbicidally effective against bacteria, virus and fungi. The effect of Isolept for hygienic and surgical hand disinfection has been approved (EN 1500, EN 12791 ). Its skin-protective agents - glyceryl cocoate and glycerol - restore the moisture of the skin and reduce the drying effects of alcohol. Isolept hand rub is a gel and easy to apply and stays on the skin long enough to make the antiseptic action most effective.

### Product declaration

|                                    |                                 |
|------------------------------------|---------------------------------|
| Isopropyl Alcohol                  | 55 w/w %, disinfecting agent    |
| Aqua                               | water                           |
| Ethyl Alcohol                      | 16 w/w %, disinfecting agent    |
| Glycerin                           | glycerol, moisturizer           |
| PEG-7 Glyceryl Cocoate             | moisturizer, well absorbing oil |
| Tetrahydroxypropyl Ethylenediamine |                                 |
| Carbomer                           | viscotic ingredients            |
| pH 8,5                             |                                 |

### Instructions for use

**Surgical disinfection:** 2 x 3-5 ml 3 min.

**Hygienic disinfection:** 3 ml 30 s.

Wash dirty hands and dry them. Apply 3-5 ml of Isolept hand rub on the hands. Carefully massage into the skin, fingertips and between fingers until alcohol evaporates. Isolept hand rub is recommended when shifting from one work to another, as well as before an invasive measure, in situations with a risk of infection, frequently between handling of patients.

### NB

Use biocides safely. Always read the label and product information before use.

### Package size/ Product code

|                    |      |
|--------------------|------|
| 1 l dispenser      | 8011 |
| 500 ml pump bottle | 8015 |
| 5 l canister       | 8014 |

### Storage

Highly flammable. Warm storage. Shelf life 3 yrs.

### Environmental impact

Recyclable materials

### Country of origin

Finland
